Dear Sir:

The following is submitted in response to the Decision dated September 8, 2006.

Concerning Assignee Max-Planck-Gesellschaft zur Förderung der Wissenschaften e.V. ("Max-Planck") we submit:

Exhibit A: a newly executed Statement of Consent by Christa Herzog on behalf of the Max-Planck.

Exhibit B: a true copy of the German "Vollmacht" (Authorization) document confirming Ms. Herzog's ability to sign on behalf of Max-Planck.

Exhibit C: an English translation of the German "Vollmacht" (Authorization) document

Exhibit D: printout from the Garching Innovation GmbH ("Innovation") website announcing its change of name to Max-Planck-Innovation.

Concerning Assignee Georg-August-Universität we submit:

Exhibit E: a Statement of Consent executed by Ralf Fischer on behalf of Georg-August-Universität.

Exhibit F: e-mail correspondence from Dr. Oliver Hertz of the German law firm v. Bezold & Sozien, which represents Georg-August-Universität in its patent matters, confirming that the position held by Mr. Fischer conveys the authority to sign on behalf of Georg-August-Universität.

The change of name of Innovation does not affect the validity of Ms. Herzog's actions on behalf of Max-Planck, but is noted for the sake of completeness. Although not legally relevant, the Examiners may find it helpful to understand that Innovation provides services relating to technology transfer for other parts of the Max-Planck organization.

We believe that the foregoing satisfies requirement 3 of the Decision. We respectfully petition the US Elected Office to amend the inventorship of the above captioned application to include the three inventors Bernd Abel, Jens Assman, and Eugene Lugovoi.

Authorization is hereby granted to charge any additional fees or credit any over-payment to deposit account No. 50-0573. A duplicate of this authorization is enclosed.

Respectfully submitted,
